# Activating Love Bridge

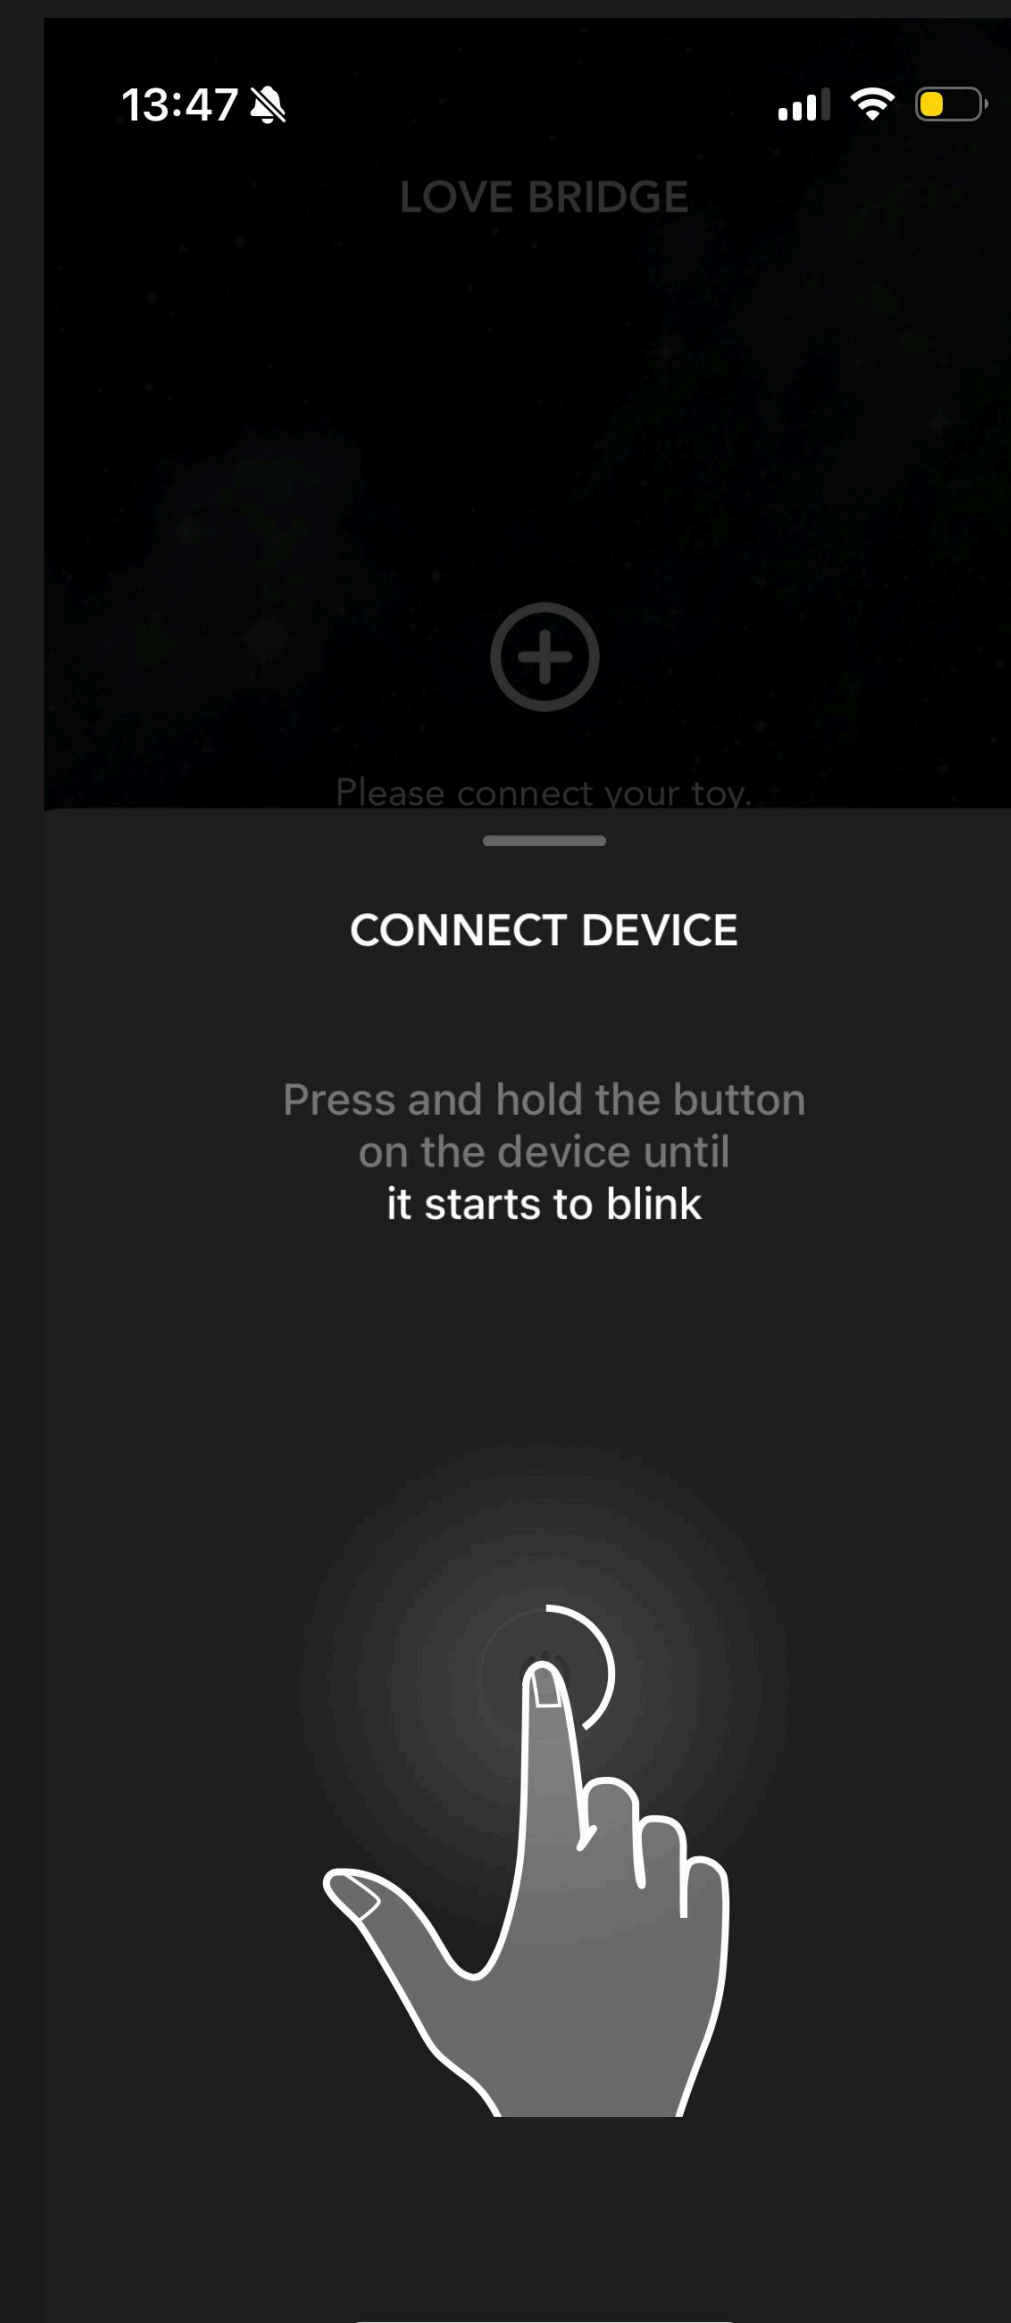

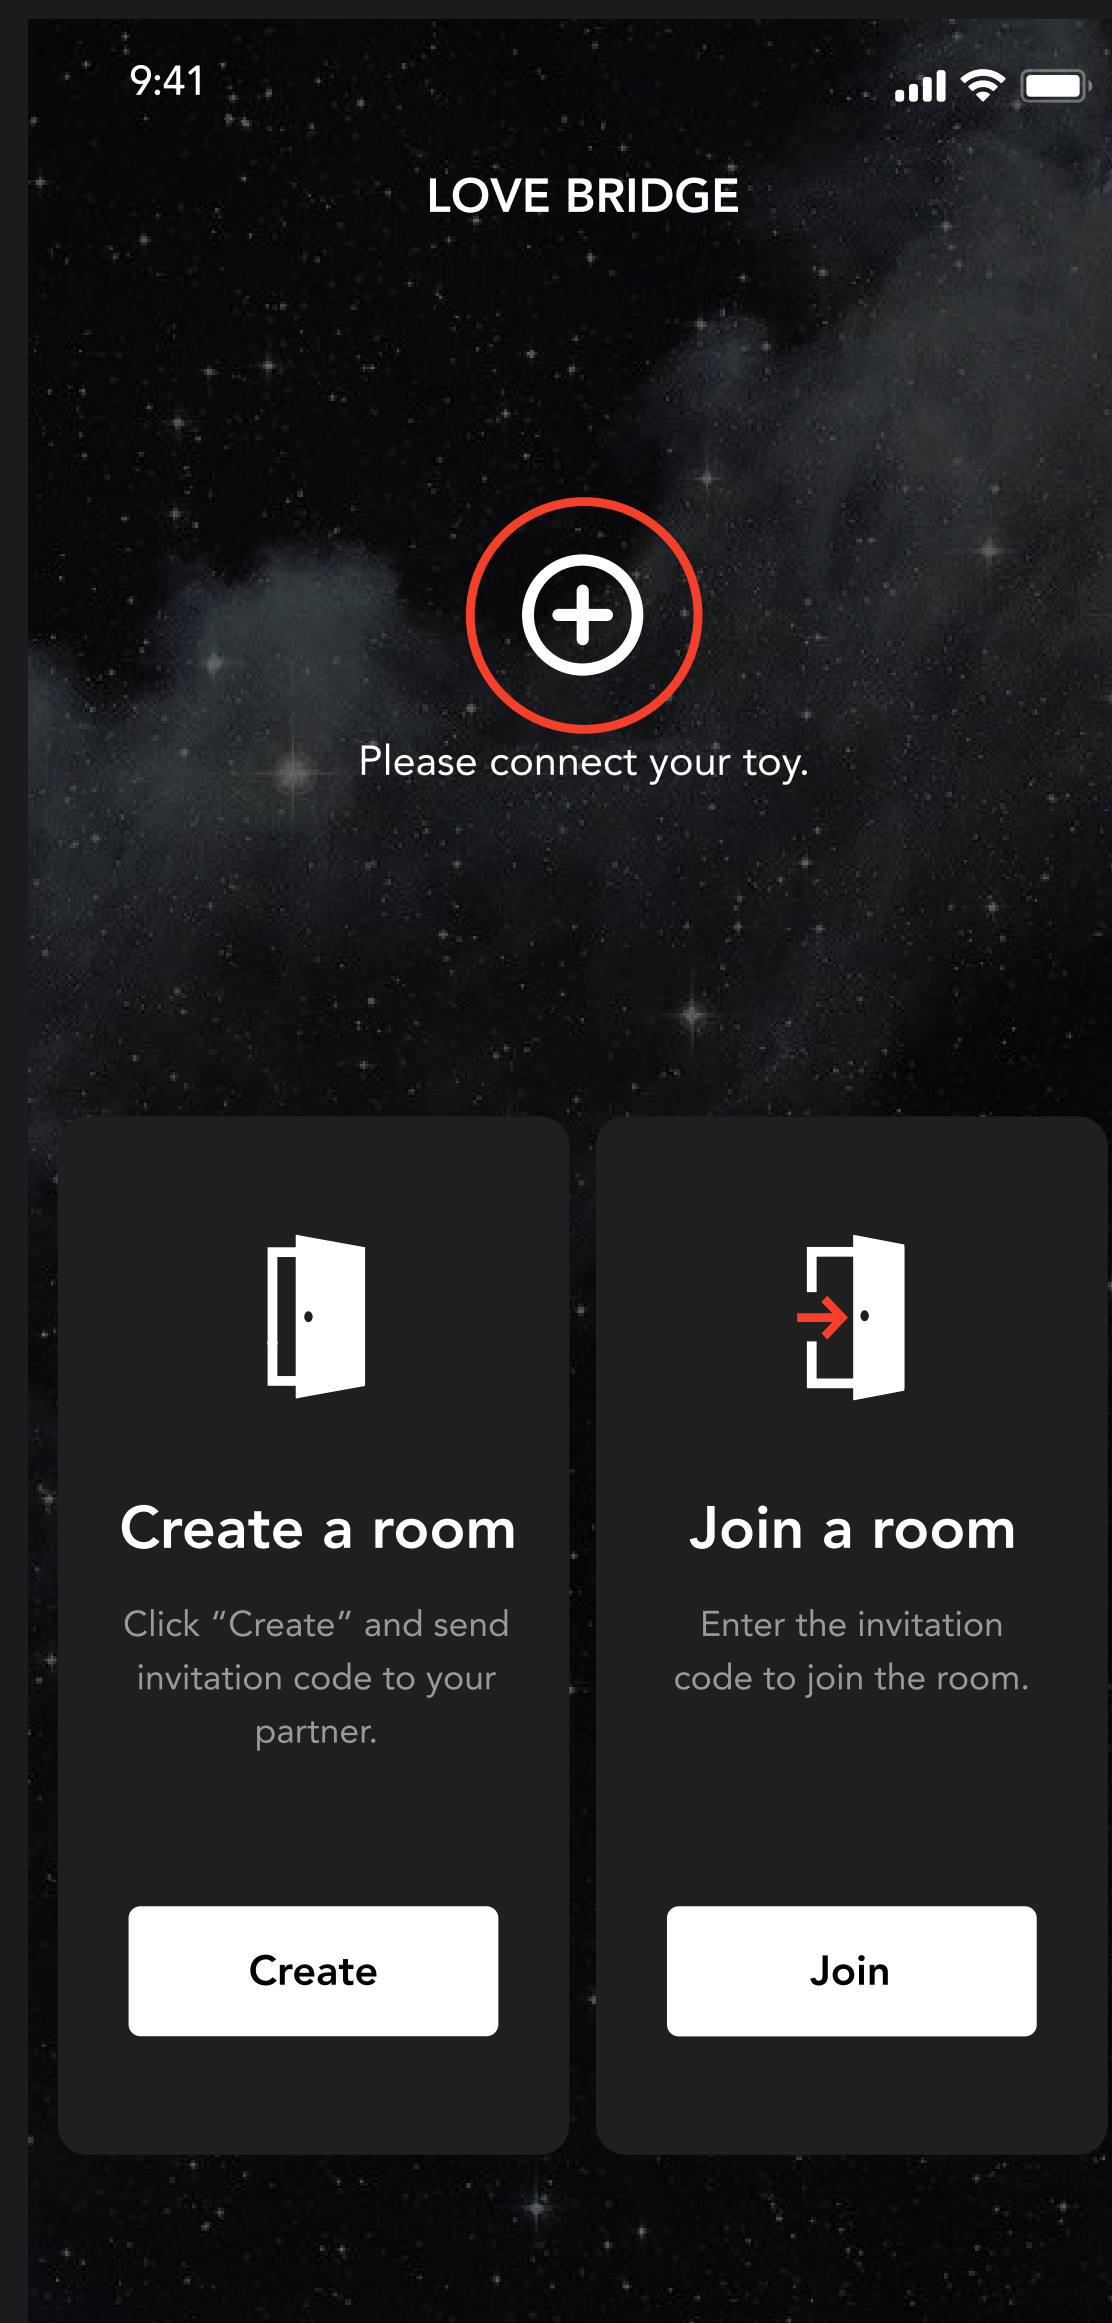

A romantic couple is shown in a close embrace. The woman, on the left, has her eyes closed and is holding a smartphone in her right hand. The man, on the right, is leaning in towards her. The background is softly lit with warm, yellowish light, suggesting an intimate indoor setting. The overall mood is sensual and intimate.

Below, you'll find everything you need to know about using the **Love Bridge** feature in the **LELO™ app**. All communications are discreet and secured to the highest standard, so focus only on having fun in pursuit of new pleasures.

# love bridge feature

## STEP 1

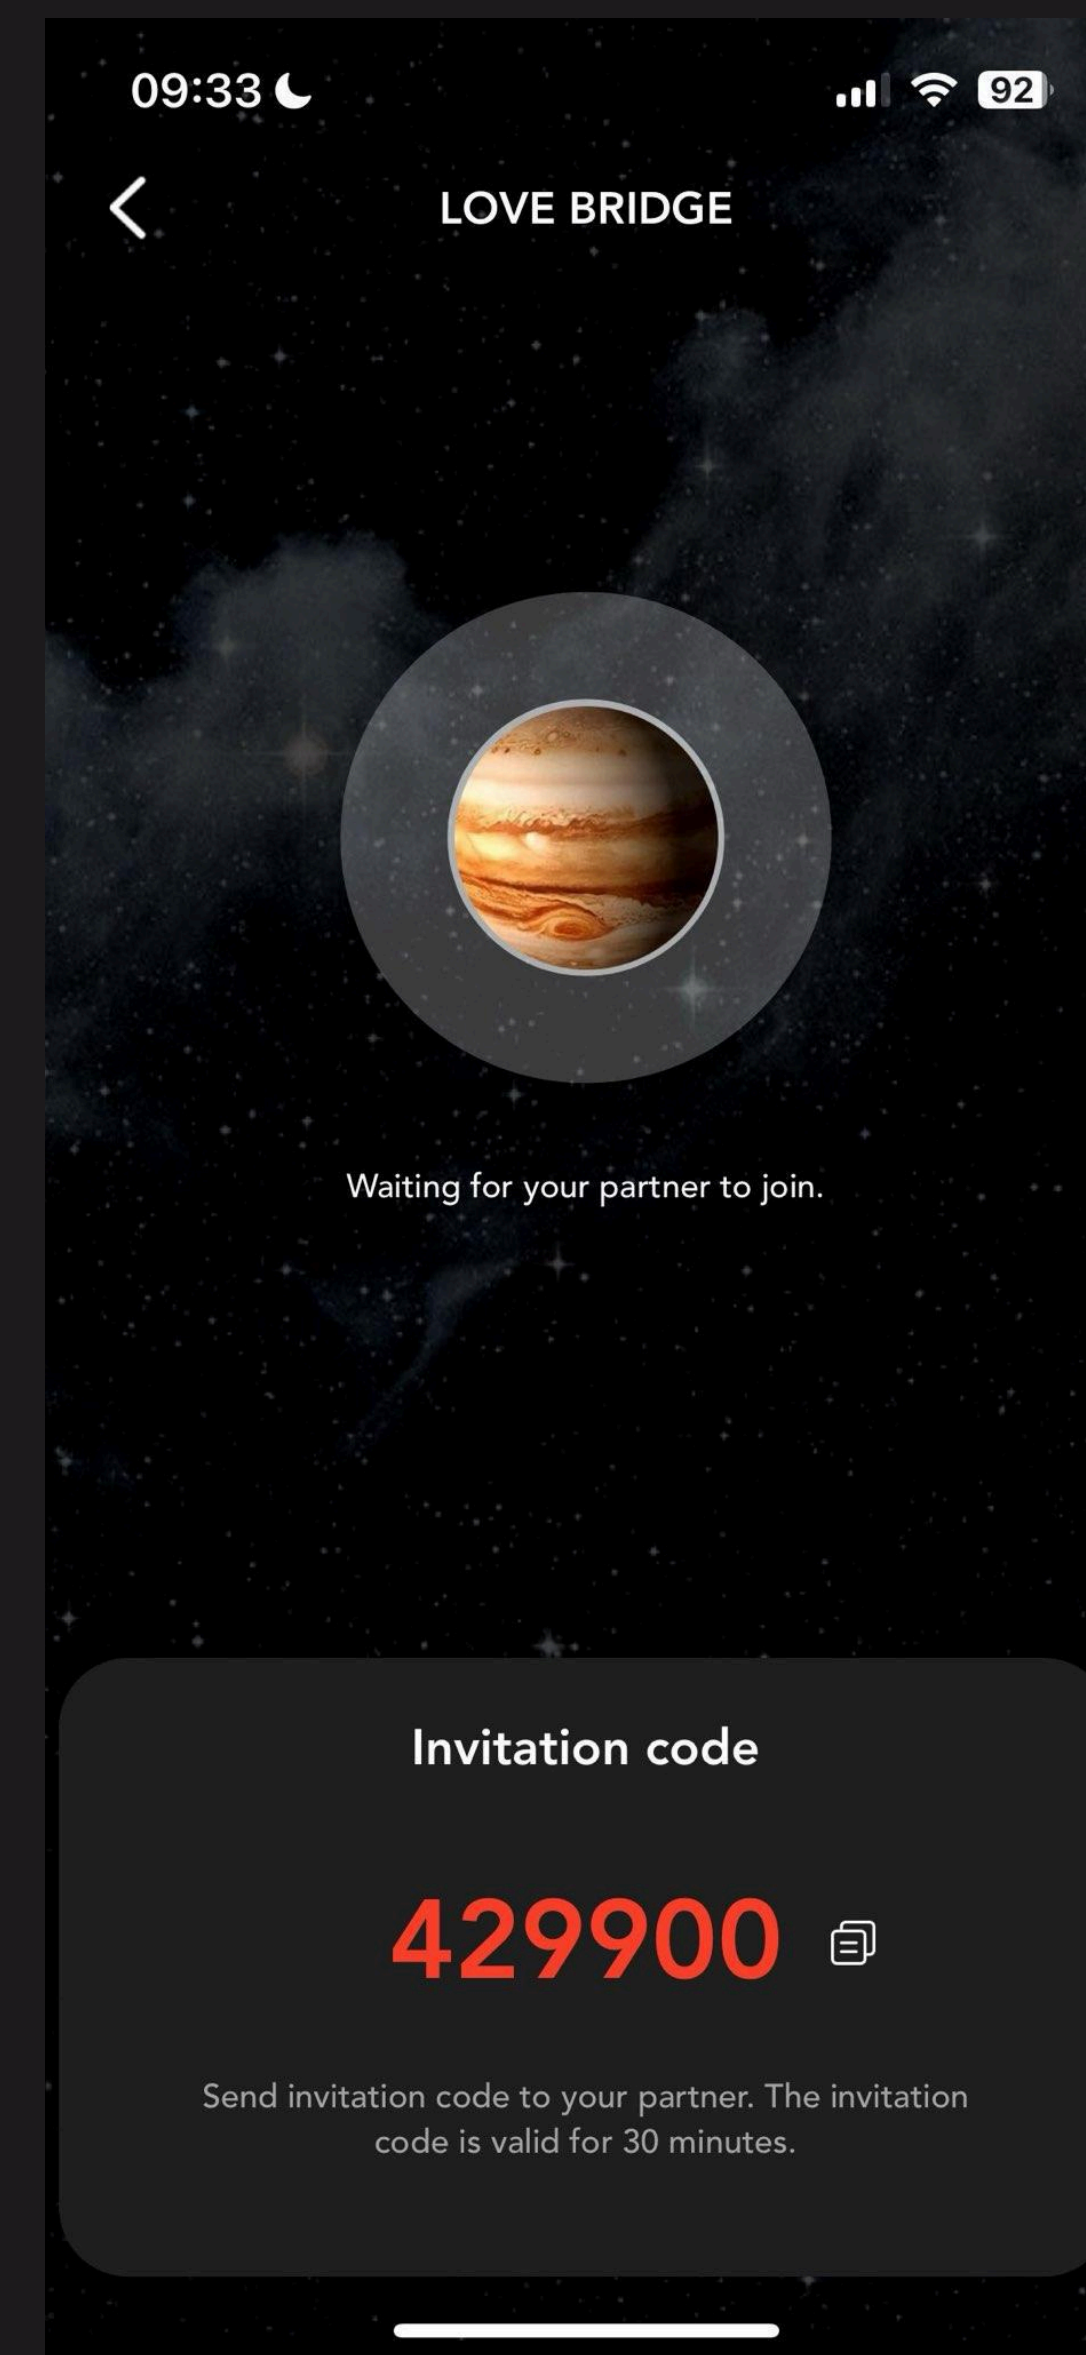

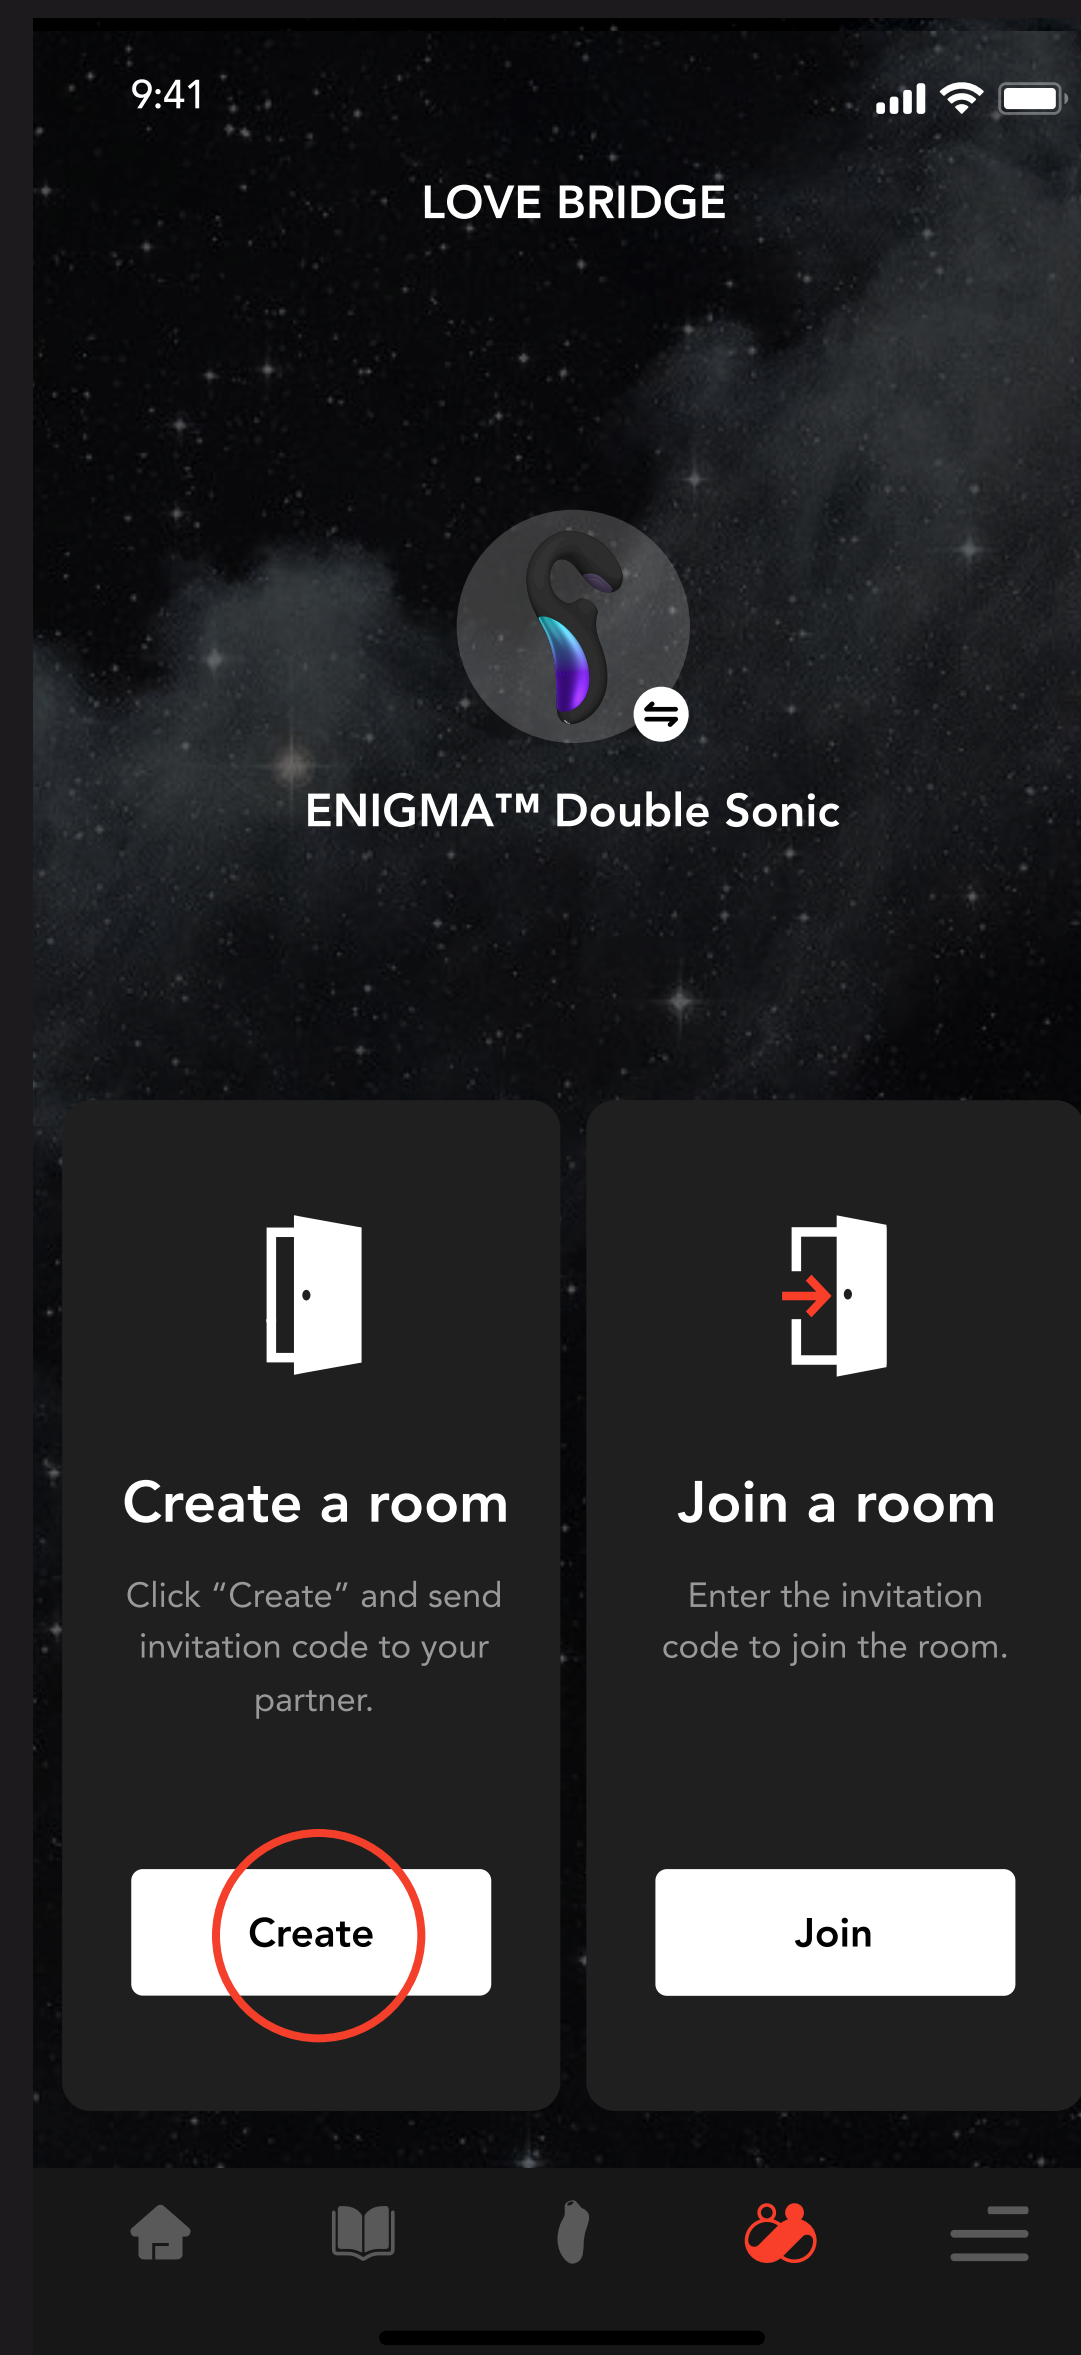

Follow the instructions above the tapping hand to connect your **LELO device** via Bluetooth to the **LELO™ app** and then select the Love Bridge icon.

# love bridge feature

## ➔ STEP 2

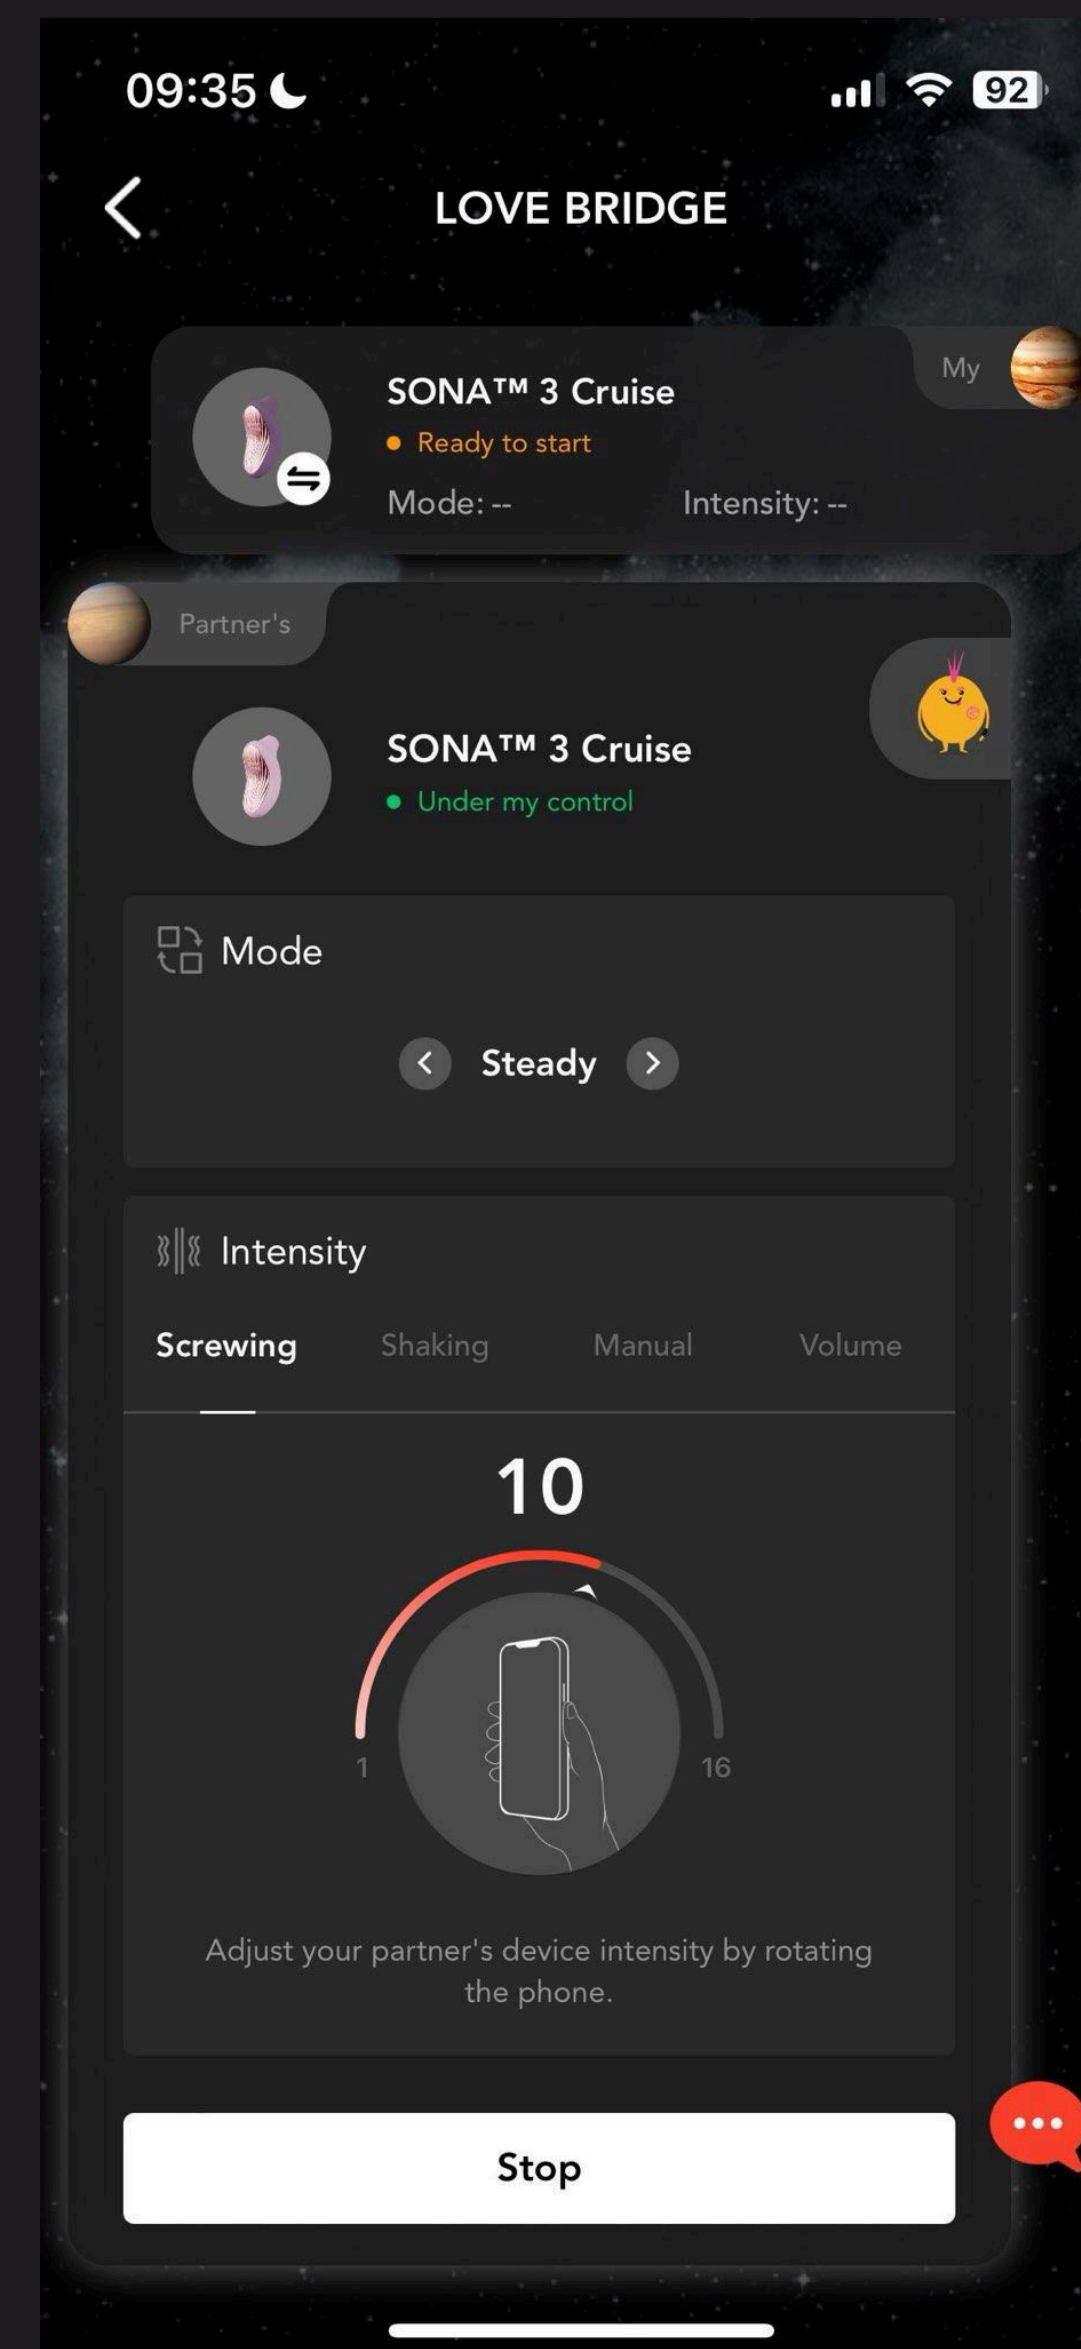

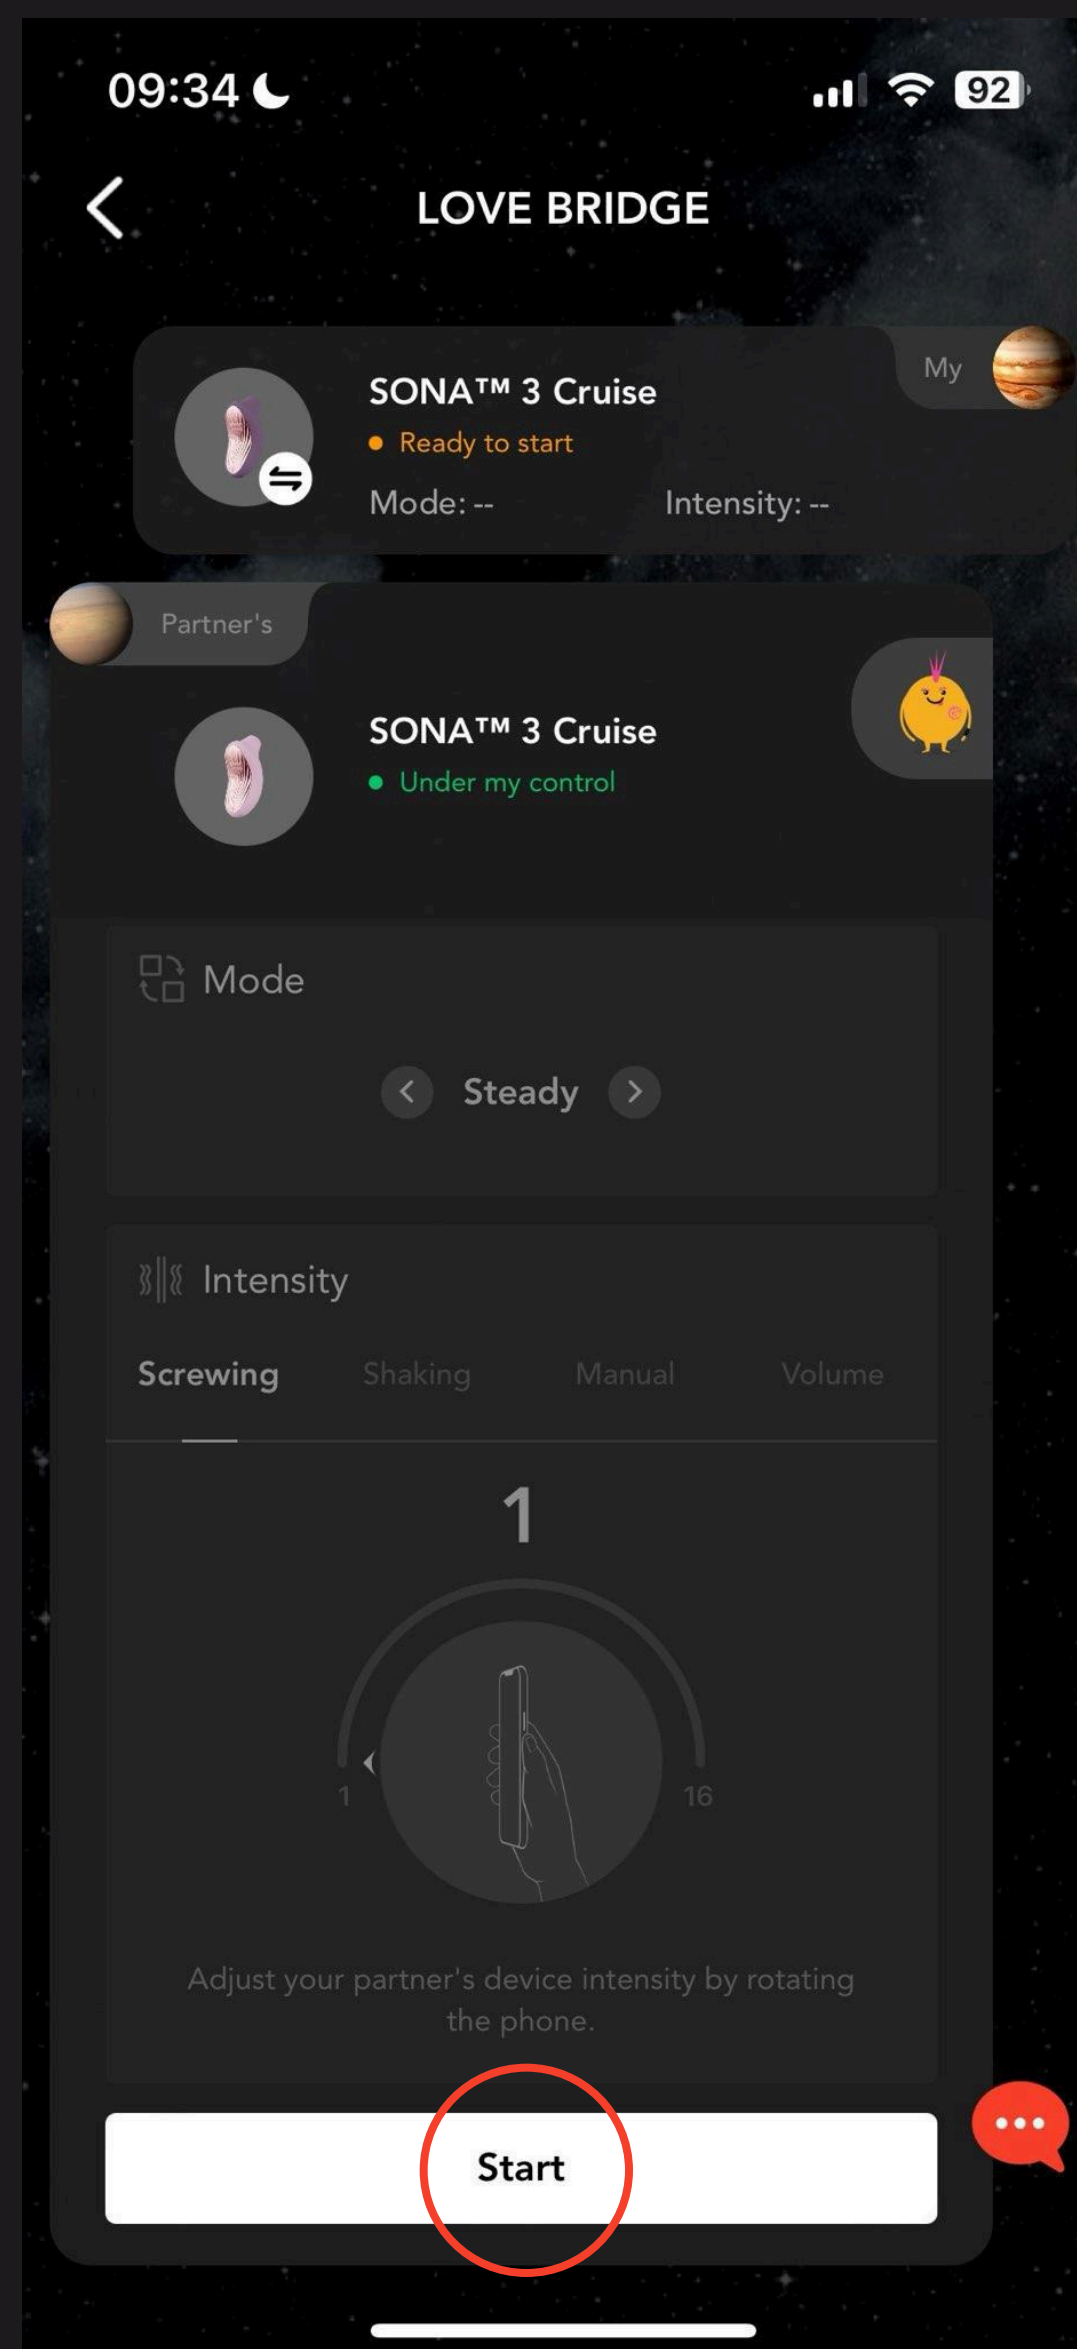

Click "Create a room". You'll receive a code to forward to your partner. Once they enter the code in the LELO™ app (using the Join a Room option), you're good to go.

# love bridge feature

## ▶ STEP 3

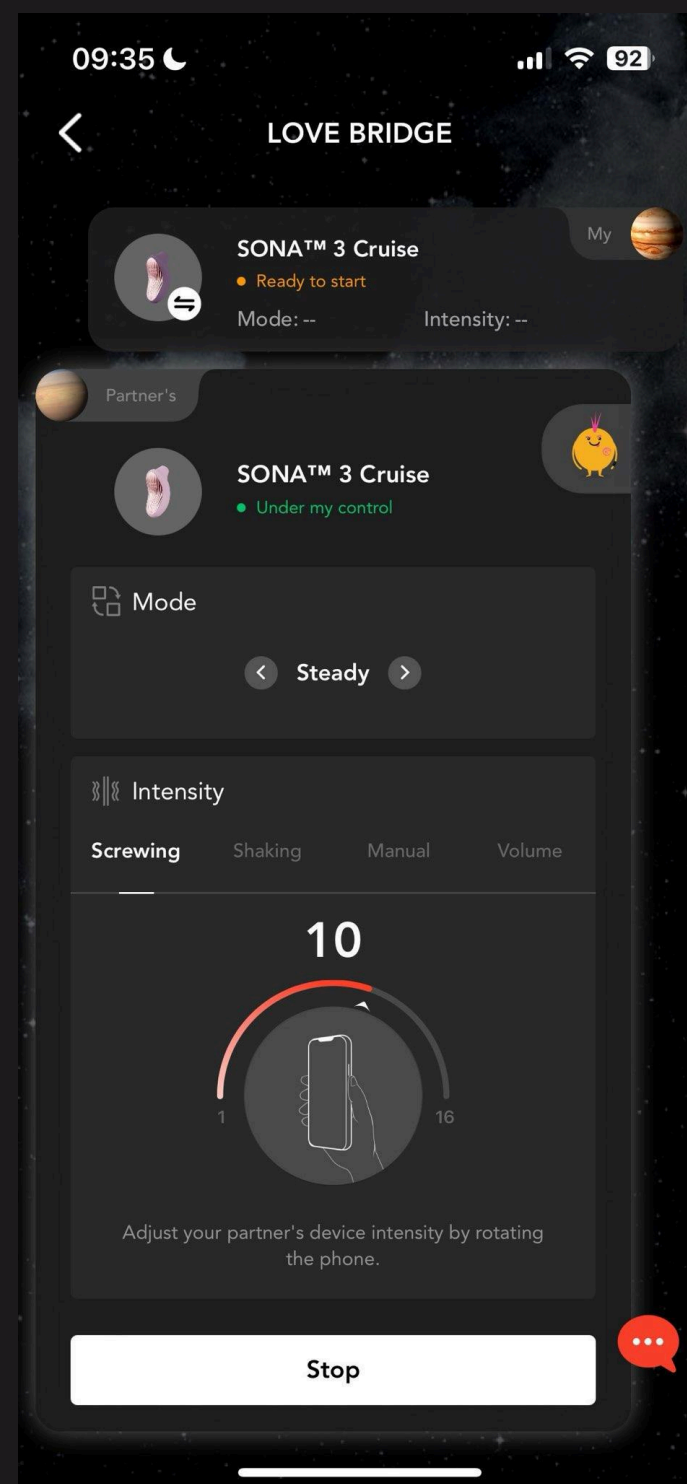

Use the "START" button to grant control to your partner and vice versa. Use the chat icon to initiate private texting.

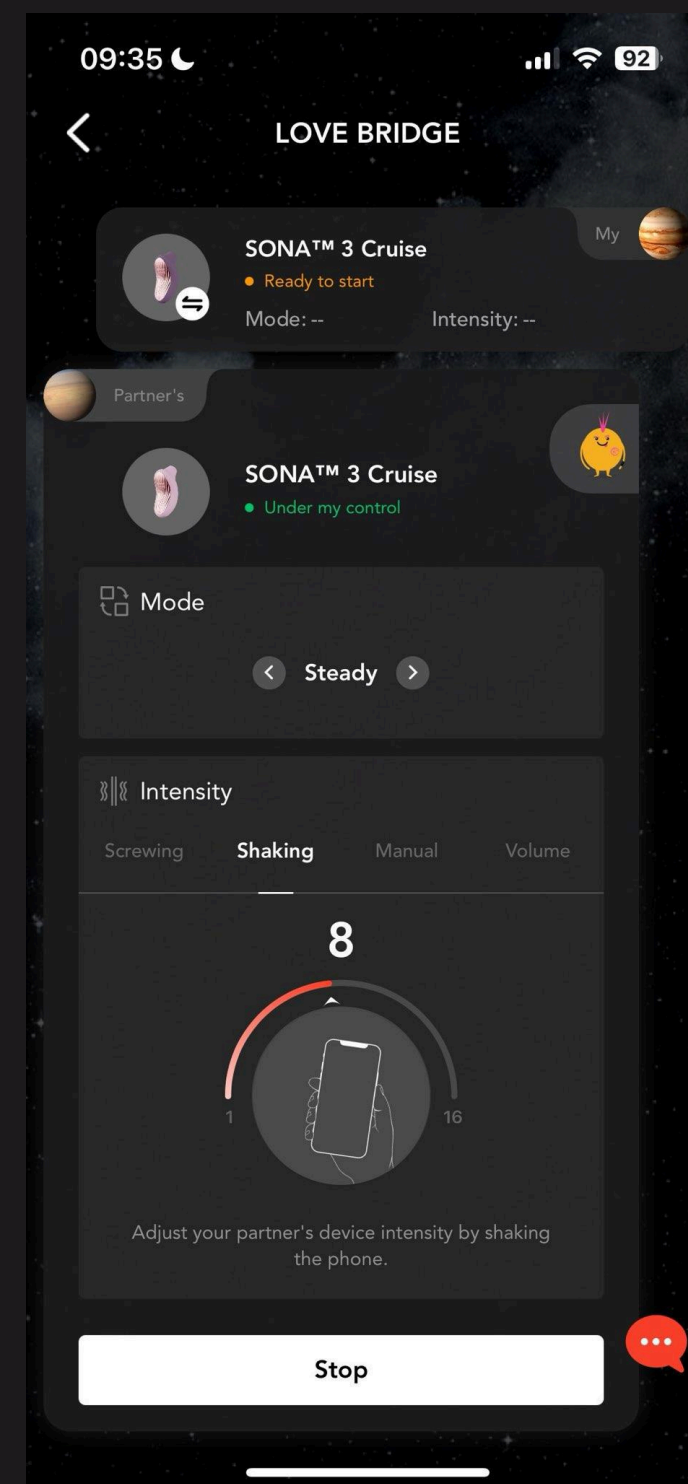

# love bridge feature

## ▶ STEP 4

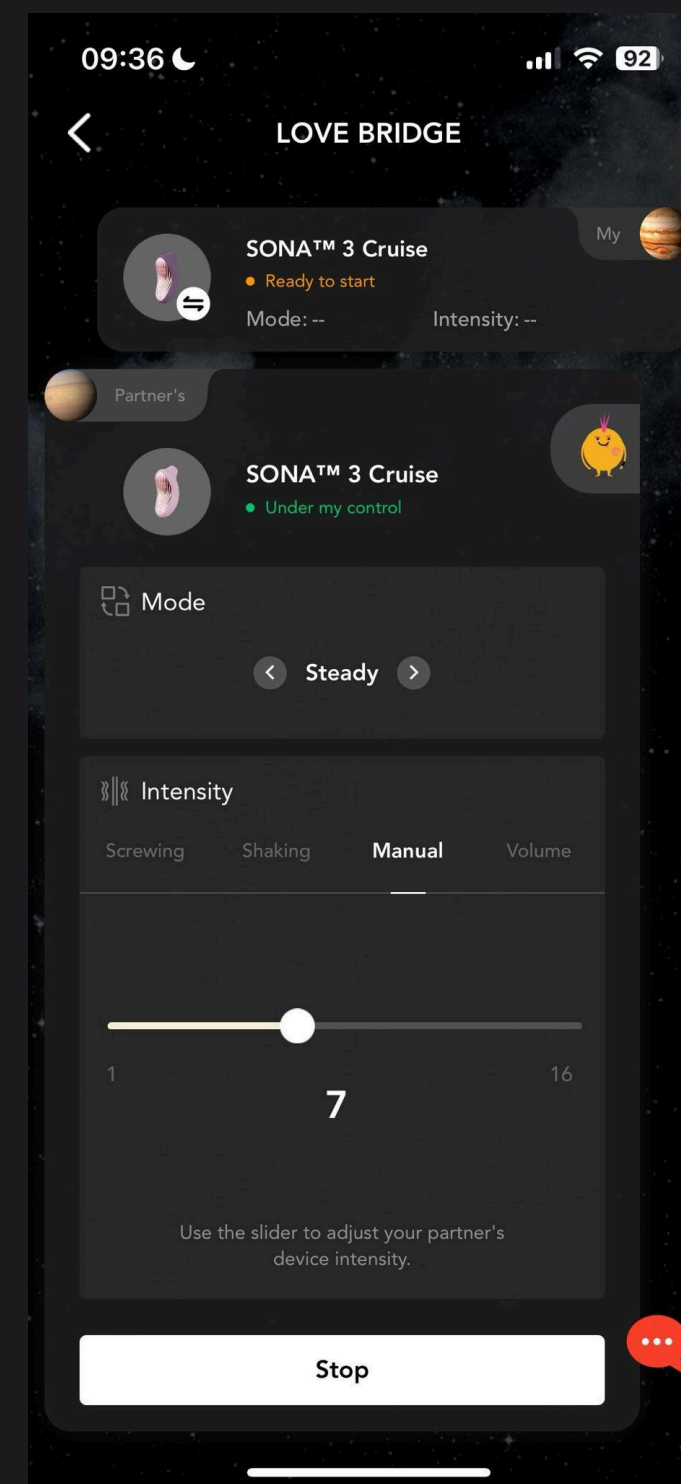

There are 5 control options available:

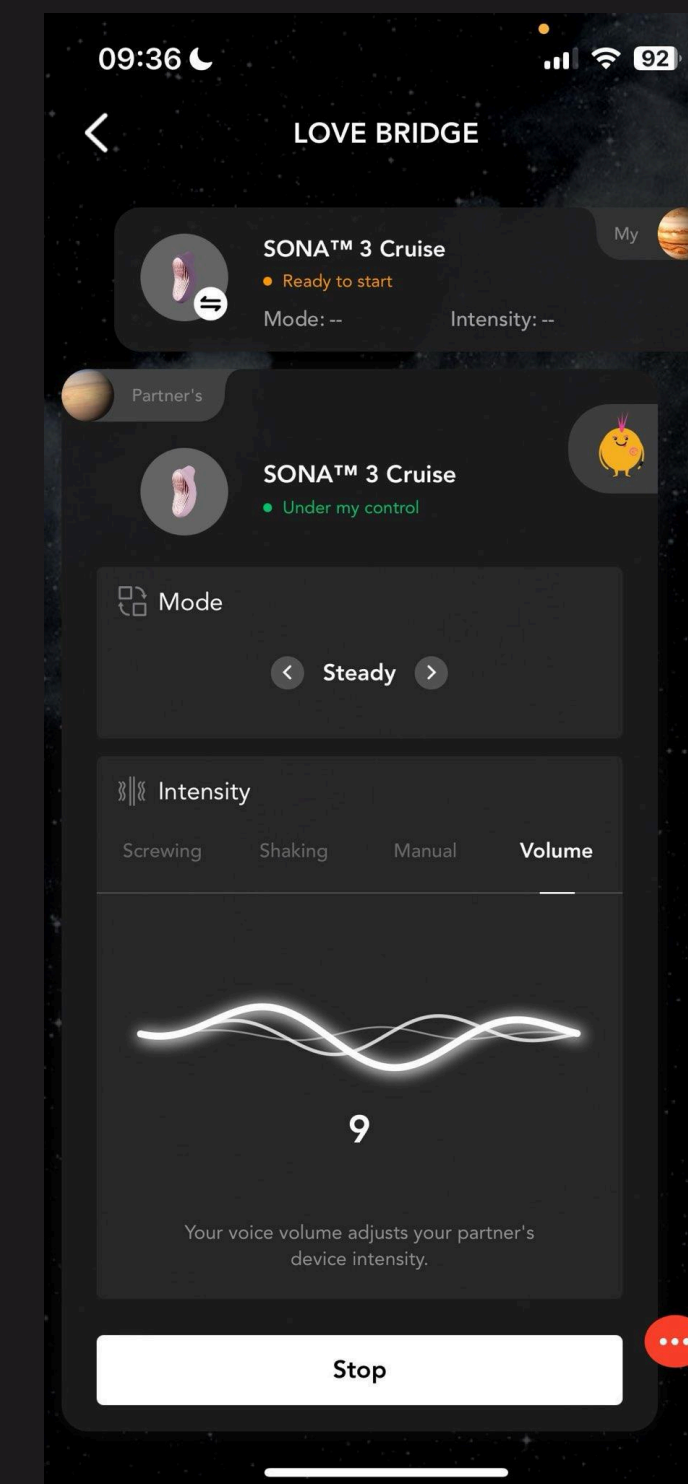

- screwing (moving a phone up and down)

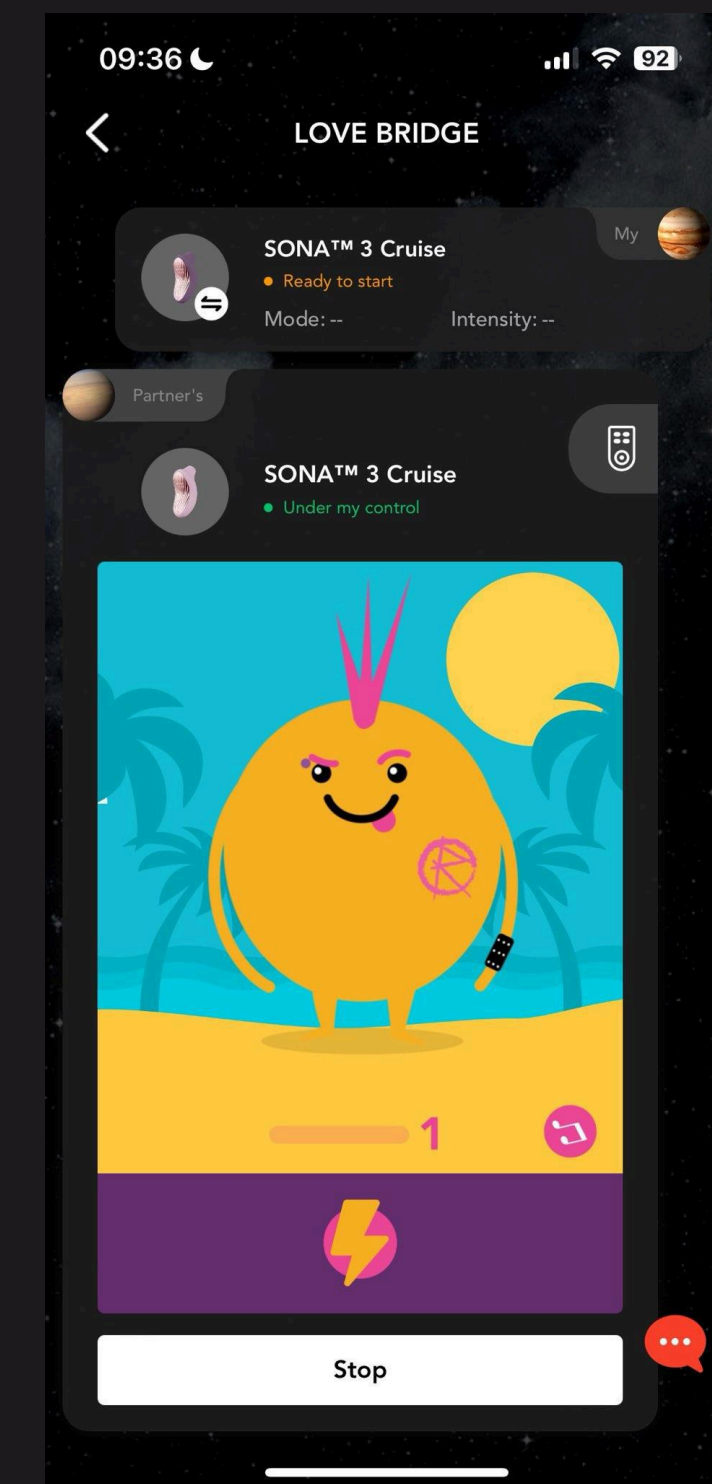

- shaking (shaking the phone)

- manual (setting up the level)

- volume (voice control of the intensity)

- remoji (tapping the lightning sign)
